PUTTA REVANTH

REVANTHPUTTA@MY.UNT.EDU | 9405146696 | Denton, TX | PORTFOLIO : https://portfolio-fo6c.onrender.com/
LinkedIn : www.linkedin.com/in/revanth-putta-3772253a9

Summary

A focused Analytics and AI enthusiast with a strong passion for Data Science and AI – Proven ability to learn and adapt to new technologies quickly, combined with excellent communication and teamwork. Intending to grow further with challenging opportunities in the Data science and AI domain.

Skills

- Data Analytics
- Healthcare Analytics
- Customer Analytics
- Predictive Modeling
- Healthcare Reporting
- Regulatory Analysis
- Healthcare compliance
- Stakeholder management
- Medical Content Generation
- Clinical Education Systems

Experience

Landmark Group | Bengaluru
Data Analyst
06/2023 - 07/2024

- Use of SAS and SQL to do customer analytics and generate in-depth insights for 6 GCC countries
- Developing and managing reports and analytics dashboards using Advanced Excel and PowerBI
- Created a dashboard to track key performance indicators and monitor progress against targets.
- Conduct analysis of existing processes and make recommendations to improve revenue metrics
- Strategically assisted Marketing Managers in designing targeted weekly retail campaigns by evaluating customer shopping behavior and their response rates
- Contributed to the Customer Value Management (CVM) team by designing marketing campaigns and identifying target customer segments in the GCC region using analytical methods for the Ecommerce channel.
- Working closely with the onsite team to deliver analytical solutions and insights to the business stakeholders (marketing teams) of concepts like CenterPoint, Lifestyle, Splash.
- Proficient in SAS, SQL and Advanced Excel, and tools such as GA 360, MoEngage and Branch.

Live Projects

MEDLEARN AI : Built an AI-powered healthcare learning platform using Python, FastAPI, Google Gemini, and Weaviate vector database with Dual-RAG architecture.

- Developed NCLEX-style question generation system supporting all 6 Next-Gen NGN formats
- Implemented adaptive exam engine that adjusts difficulty based on learner performance with real-time knowledge gap visualization.

- Created AI Tutor feature using RAG to answer questions from uploaded hospital protocols and PubMed research with source citations.
- Built credentialing compliance dashboard tracking NCQA (10 checks) and CMS (5 checks) requirements with automated expiration alerts.
- Deployed production application on Render with 50+ REST API endpoints.
- Tech Stack : Python, FastAPI, React, Monte Carlo Simulation, Healthcare Analytics
- LINK : https://eminem-jf0s.onrender.com

CLEARLAB AI : Developed a 5-Room healthcare SaaS platform for designing, simulating, and optimizing employer health plans using Python and FastAPI.

- Implemented Monte Carlo cost modeling for health plan simulations and member journey friction analysis with equity impact assessments.
- Designed myCigna-inspired UI/UX for intuitive health plan configuration and benefits comparison workflows.
- Tech Stack : Python, FastAPI, React, Monte Carlo Simulation, Healthcare Analytics

Research & Publications

REVIEWGUARD : Co-authored research paper on automated detection of deficient peer reviews using LLM-driven data augmentation techniques.

- Analyzed dataset of 6,634 academic papers with 24,657 real peer reviews from ICLR and NeurIPS conferences.
- Contributed to development of GPT-4 based augmentation pipeline for training deficiency detection models.
- Published on arXiv (2025) with co-authors from University of North Texas.
- Tech Stack : LLMs, NLP, GPT-4, Data Augmentation, Python
- LINK : https://arxiv.org/abs/2510.16549

Education

University of North Texas | Denton
Post Graduation in A.I/M.L
Expected in 06/2026

Amrita university | Bengaluru
B. Tech in Electronics – ECE
05/2023

Sri.Chaitanya College | Andhra
Higher Education
05/2019

Accomplishments

- Scored 97% in the All India MAINS exam, Ranking among the Top Percentile Nationwide.
- Certified by Microsoft to create AI solutions.
- Speaker of Avishkara Science Club at Amrita University.

Certifications

- MICROSOFT CERTIFIED : AZURE AI FUNDAMENTALS
