# PUTTA REVANTH

REVANTHPUTTA@MY.UNT.EDU | 9403047480 | Denton, TX | PORTFOLIO : https://portfolio-fo6c.onrender.com/
LinkedIn : www.linkedin.com/in/revanth-putta-3772253a9

## Summary

A focused Analytics and AI enthusiast with a strong passion for Data Science and AI – Proven ability to learn and adapt to new technologies quickly, combined with excellent communication and teamwork. Intending to grow further with challenging opportunities in the Data science and AI domain.

## Skills

- Data Analytics
- Healthcare Analytics
- Customer Analytics
- Predictive Modeling
- Healthcare Reporting
- Regulatory Analysis
- Healthcare compliance
- Stakeholder management
- Medical Content Generation
- Clinical Education Systems

## Experience

Landmark Group | Bengaluru
**Data Analyst**
*06/2023 - 07/2024*

- Use of SAS and SQL to do customer analytics and generate in-depth insights for 6 GCC countries
- Developing and managing reports and analytics dashboards using Advanced Excel and PowerBI
- Created a dashboard to track key performance indicators and monitor progress against targets.
- Conduct analysis of existing processes and make recommendations to improve revenue metrics
- Strategically assisted Marketing Managers in designing targeted weekly retail campaigns by evaluating customer shopping behavior and their response rates
- Contributed to the Customer Value Management (CVM) team by designing marketing campaigns and identifying target customer segments in the GCC region using analytical methods for the Ecommerce channel.
- Working closely with the onsite team to deliver analytical solutions and insights to the business stakeholders (marketing teams) of concepts like CenterPoint, Lifestyle, Splash.
- Proficient in SAS, SQL and Advanced Excel, and tools such as GA 360, MoEngage and Branch.

## Live Projects

**MEDLEARN AI :** Built an AI-powered healthcare learning platform using Python, FastAPI, Google Gemini, and Weaviate vector database with Dual-RAG architecture.

- Developed NCLEX-style question generation system supporting all 6 Next-Gen NGN formats
- Implemented adaptive exam engine that adjusts difficulty based on learner performance with real-time knowledge gap visualization.

- Created AI Tutor feature using RAG to answer questions from uploaded hospital protocols and PubMed research with source citations.
- Built credentialing compliance dashboard tracking NCQA (10 checks) and CMS (5 checks) requirements with automated expiration alerts.
- Deployed production application on Render with 50+ REST API endpoints.
- Tech Stack : Python, FastAPI, React, Monte Carlo Simulation, Healthcare Analytics
- LINK : https://eminem-jf0s.onrender.com

**CLEARLAB AI :** Developed a 5-Room healthcare SaaS platform for designing, simulating, and optimizing employer health plans using Python and FastAPI.

- Implemented Monte Carlo cost modeling for health plan simulations and member journey friction analysis with equity impact assessments.
- Designed myCigna-inspired UI/UX for intuitive health plan configuration and benefits comparison workflows.
- Tech Stack : Python, FastAPI, React, Monte Carlo Simulation, Healthcare Analytics

## Research & Publications

**REVIEWGUARD :** Co-authored research paper on automated detection of deficient peer reviews using LLM-driven data augmentation techniques.

- Analyzed dataset of 6,634 academic papers with 24,657 real peer reviews from ICLR and NeurIPS conferences.
- Contributed to development of GPT-4 based augmentation pipeline for training deficiency detection models.
- Published on arXiv (2025) with co-authors from University of North Texas.
- Tech Stack : LLMs, NLP, GPT-4, Data Augmentation, Python
- LINK : https://arxiv.org/abs/2510.16549

## Education

University of North Texas | Denton
**Post Graduation** in A.I/M.L
*Expected in 06/2026*

Amrita university | Bengaluru
**B. Tech** in Electronics – ECE
*05/2023*

Sri.Chaitanya College | Andhra
**Higher Education**
*05/2019*

## Accomplishments

- Scored 97% in the All India MAINS exam, Ranking among the Top Percentile Nationwide.
- Certified by Microsoft to create AI solutions.
- Speaker of Avishkara Science Club at Amrita University.

## Certifications

- MICROSOFT CERTIFIED : AZURE AI FUNDAMENTALS
